COVID ROSARY

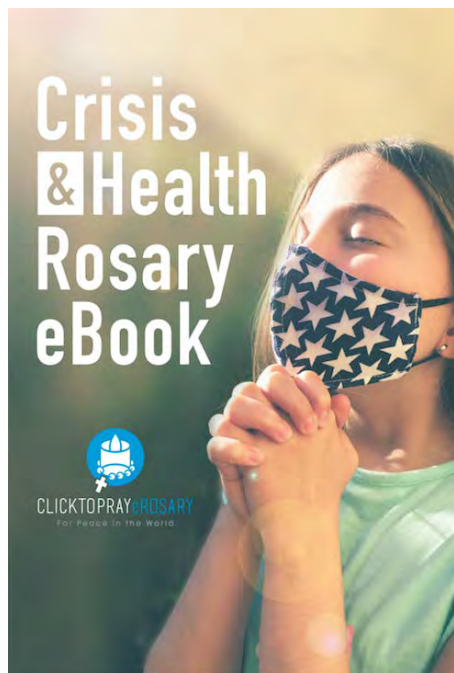

The Pope's Worldwide Prayer Network has been working with the Vatican's COVID-19 Commission on an initiative to launch a new rosary for this time of pandemic and illnesses: **The Crisis & Health Rosary**.

The writers, members of the Commission, intended to guide the prayer by linking some of the stories of the people from all over the world with the contemplation of the different mysteries of the Rosary in the time of COVID.

This rosary is a prayer to strengthen the world. For this purpose, real testimonies related to the COVID-19 can be found in each mystery. For example the story of David, who is confined to bed in his home for the elderly, after having tested positive for coronavirus. Hopefully these life experiences will help to rediscover the Gospel lit up by the pandemic.

The Rosary also can be downloaded for free as an EPUB, MOBI or PDF through the website

<https://www.popesprayer.va/crisis-health-rosary/>

The **Crisis & Health Rosary** is available and can be **downloaded totally for free** for [Amazon Kindle](#), for [iOS](#) and [Android](#). It is in five languages: English, Italian, French, Portuguese and Spanish. An audio guide will lead the user through the mysteries and it will help them to contemplate the Gospel while listening to the testimonies of those affected by the pandemic. Background music and special content are also available to aid them in their spiritual concentration.

“Fratelli Tutti”

Fratelli Tutti (“All Brothers and Sisters”) is the official name given to the new Encyclical on **Friendship & Society** from Pope Francis. Inspired by St Francis of Assisi it was published in Assisi on St Francis’ Feast Day, 4th October 2020.

“Ancient conflicts thought long buried are breaking out anew, while instances of a myopic, extremist, resentful and aggressive nationalism are on the rise. In some countries, a concept of popular and national unity influenced by various ideologies is creating new forms of selfishness and a loss of the social sense under the guise of defending national interests.” (FT 10)

“Dialogue is often confused with something quite different: the feverish exchange of opinions on social networks, frequently based on media information that is not always reliable. These exchanges are merely parallel monologues.” (FT 200)
